To

The KMET Freedom House,

Dear Hiring Manager,

I am writing to express my keen interest in the Social Worker position at the KMET Freedom House, as advertised. My background in Occupational Therapy, coupled with a passion for inclusivity and empowering individuals with disabilities, aligns perfectly with KMET's mission to respond to violence against women and girls.

In my recent role at Nyamache Sub-County Hospital, I served as an Assistant Director in the Occupational Therapy department. Instrumental in founding the department, I led projects extending beyond the hospital, including community outreach and mental health checkup sessions. My attributes of self-motivation, excellent communication, and adaptability, coupled with community engagement experience in initiatives like Women for Empowerment, position me well for the responsibilities at the Freedom House.

KMET's commitment to providing a safe haven for survivors resonates with me deeply. I am eager to contribute my skills in case management, psychosocial support, and community outreach to ensure survivors receive comprehensive care. I am confident that my experiences make me an ideal fit for the Social Worker position and look forward to discussing further how I can contribute to KMET's impactful work.

Thank you for considering my application.

Sincerely,

Lydia Kwamboka
